

Fellow Karters:

With April being just around the corner that means one thing to us karters, our 2010 racing season is about to get underway.

Karting School will be held Saturday April 17th from 12:00 until 5:00pm. This would be a good time to bring your kart and safety equipment out and have them Pre Teched.

If you are unable to attend Karting School, OVKA will also be holding Karting 101 Sunday April 18th Gates open at 7:00am this will be your last chance to have your kart and safety equipment pre teched before the 2010 race season kicks off on Sunday April 25th.

The Ovka Rule book should be arriving very soon.

With input from you the members, and many hours, Ovka Board Members have put together what we fell is the best most complete OVKA rule book ever for our members. It promises to be worth the wait.

From a Tech point of view members will find many changes this season to better assist you the karter.

We hope you will find these tools useful in the up coming season.

Up-dates can be found here in Tech Corner and will be posted in the Tech barn as well.

Some highlights this year Include:

1. No mandatory rear tire protection required in 2010
2. Last year for m2000 helmets
4. 4 Cycle transponder location Change
5. 3 local option classes
6. Tag rules changed from Tag USA to WKA rules using Ovka weights
7. Yamaha pipe lite weight change
8. Exception to spec tire rule

Please read to 2010 Ovka thoroughly for a complete listing of all the 2010 rule changes.

Thank You
Have A Fun Safe Season
Your 2010 Tech Team
