Non-Points Exhibition Classes – OVKA will attempt to accommodate karts from any WKA approved class package to run in non-points competition. Karts must run as defined by WKA rules. Any non-points class that attracts an average of four (4.0) karts or more during the OVKA Championship season may petition the OVKA Board for acceptance as a full-points class in the following season. **OVKA reserves the right to combine these entries with classes of similar performance.**
